The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number Nature of Noncompliance

Nature of Noncompliance: On October 8, 2019, a sweat patch was removed from Senon Villanueva, which subsequently tested positive for the use of cocaine.

On October 17, 2019, a sweat patch was removed from Senon Villanueva. The laboratory results were received on October 28, 2019, and revealed the patch tested positive for the use of cocaine.

On January 17, 2020, Senon Villanueva provided a urine sample for drug testing, which

tested positive for cocaine and opiates. A request for a laboratory confirmation has been sent and remains pending.

U.S. Probation Officer Recommendation: Senon Villanueva was admonished for using cocaine; however, he denied any illegal narcotic usage. The offender has begun the Substance Abuse Treatment Program in Uvalde, Texas. Unfortunately, the offender continues to have issues from staying clear from illegal narcotics. Additionally, the offender's denial of use does not assist in him obtaining the assistance he needs. Therefore, it is respectfully requested a warrant be issued for the offender and his probation be revoked.
